Profile

Hi, I'm Rakesh, a second-year B.Tech student with a passion for app and web development. I'm currently exploring technologies like Java, Python, and the MERN stack.

Projects

Advanced Parking and Payment Management System:

Team project using Raspberry Pi, sensors, and web technologies to automate parking slot detection, booking, and digital payments. Includes real-time slot monitoring, QR-based access, and admin dashboard.

Work Experience

MERN Stack Web Development Intern @ FacePrep (May 2025 - Present)

- Full-stack development using MongoDB, Express.js, React, Node.js
- Deployed dynamic web pages
- Used GitHub & Agile practices
